VISION

A large, stylized yellow eye icon is positioned between the letters 'I' and 'S' in the word 'VISION'. The eye has a white iris with a black 'X' and a yellow pupil. Radiating from the eye are several yellow lines of varying lengths, resembling sunbeams or light rays.

CONVENTIONAL CITY DEVELOPMENT
AND REDEFINING PUBLIC SPACE.**

What do we mean exactly when we say "vibrant, creative and green urban neighbourhoods" ?

- We dream of neighbourhoods that are accessible, inclusive, joyful and ever-changing.
 - We dream of an environment where people can grow, develop their ideas, skills, and creative businesses.
 - We dream of public spaces designed together with those using these public spaces.
 - We dream of sustainable design, mixed use and community-led development.
 - We dream of collaborative spaces that encourage residents of the neighbourhoods to do things together and share resources.
 - We dream of a vibrant environment to explore art, music, sports, handcrafts, gastronomy and more.
 - We dream of gardens, micro-parks and other green spaces that create opportunities to connect with nature and bring wildlife back to cities.
 - We dream of creating a unique sense of place together.

MISSION

**WE CONTRIBUTE TO OUR VISION BY
CREATING INSTITUT FOR (X) AS A
CASE OF AN URBAN NEIGHBOUR-
HOOD AND A CULTURAL PLATFORM
THAT IS CONTINUOUSLY
CHANGING, PUSHES THE BOUNDARIES
OF WHAT'S POSSIBLE AND PROVIDES
INSPIRATION FOR ALTERNATIVE
URBAN DEVELOPMENT.**

We do this by:

- Prioritising people, exchange, creativity and the environment over linear growth, top-down planning, corporate interests, and mere functionality.
- Coming together as diverse individuals to shape our environment and ourselves through the unruly and constantly changing creative experiment that is Institut for (X).
- Cultivating a strong cultural growth layer through arts, entrepreneurship and togetherness.
- Social and cultural exchange with partners abroad.
- Developing our infrastructure and facilities so individual and shared projects can thrive.

MISSION

**VI ARBEJDER HEN MOD VORES
VISION VED AT SKABE INSTITUT FOR
(X) SOM ET EKSEMPEL PÅ ET
NABOLAG OG EN KULTUREL
PLATFORM, DER ER I KONSTANT
FORANDRING, SKUBBER GRÆNSERNE
FOR HVAD DER ER MULIGT OG GIVER
INSPIRATION TIL ALTERNATIV
BYUDVIKLING.**

Det gør vi ved at:

- Prioritere mennesker, udveksling, kreativitet og miljø frem for lineær vækst, top-down planlægning, virksomhedsinteresser og monofunktionalitet.
- Mødes som individer for at forme vores miljø og os selv gennem det kreative og uregerlige eksperiment, som er Institut for (X).
- At dyrke et stærkt kulturelt vækstlag gennem kunst, entreprenørskab og sammenhold
- Skabe social og kulturel udveksling med partnere i udlandet.
- Udvikle infrastruktur og faciliteter, så individuelle og fælles projekter kan trives og gro.
